**Title 96 - Nebraska Commission for the Deaf and Hard of Hearing
CHAPTER 1 - PRACTICE AND APPOINTMENT OF SIGN LANGUAGE
INTERPRETERS**

**Attachment A
NAD-RID Code of Professional Conduct**

SCOPE

The National Association of the Deaf (NAD) and the Registry of Interpreters for the Deaf, Inc. (RID) uphold high standards of professionalism and ethical conduct for interpreters. Embodied in this Code of Professional Conduct (formerly known as the Code of Ethics) are seven tenets setting forth guiding principles, followed by illustrative behaviors.

The tenets of this Code of Professional Conduct are to be viewed holistically and as a guide to professional behavior. This document provides assistance in complying with the code. The guiding principles offer the basis upon which the tenets are articulated. The illustrative behaviors are not exhaustive, but are indicative of the conduct that may either conform to or violate a specific tenet or the code as a whole.

When in doubt, the reader should refer to the explicit language of the tenet. If further clarification is needed, questions may be directed to the national office of the Registry of Interpreters for the Deaf, Inc.

This Code of Professional Conduct is sufficient to encompass interpreter roles and responsibilities in every type of situation (e.g., educational, legal, medical). A separate code for each area of interpreting is neither necessary nor advisable.

PHILOSOPHY

The American Deaf community represents a cultural and linguistic group having the inalienable right to full and equal communication and to participation in all aspects of society. Members of the American Deaf community have the right to informed choice and the highest quality interpreting services. Recognition of the communication rights of America's women, men, and children who are deaf is the foundation of the tenets, principles, and behaviors set forth in this Code of Professional Conduct.

VOTING PROTOCOL

This Code of Professional Conduct was presented through mail referendum to certified interpreters who are members in good standing with the Registry of Interpreters for the Deaf, Inc. and the National Association of the Deaf. The vote was to adopt or to reject.

ADOPTION OF THIS CODE OF PROFESSIONAL CONDUCT

Interpreters who are members in good standing with the Registry of Interpreters for the Deaf, Inc. and the National Association of the Deaf voted to adopt this Code of Professional Conduct, effective July 1, 2005. This Code of Professional Conduct is a working document that is expected to change over time. The aforementioned members may be called upon to vote, as may be needed from time to time, on the tenets of the code.

The guiding principles and the illustrative behaviors may change periodically to meet the needs and requirements of the RID Ethical Practices System. These sections of the Code of Professional Conduct will not require a vote of the members. However, members are encouraged to recommend changes for future updates.

FUNCTION OF THE GUIDING PRINCIPLES

It is the obligation of every interpreter to exercise judgment, employ critical thinking, apply the benefits of practical experience, and reflect on past actions in the practice of their profession. The guiding principles in this document represent the concepts of confidentiality, linguistic and professional competence, impartiality, professional growth and development, ethical business practices, and the rights of participants in interpreted situations to informed choice. The driving force behind the guiding principles is the notion that the interpreter will do no harm.

When applying these principles to their conduct, interpreters remember that their choices are governed by a “reasonable interpreter” standard. This standard represents the hypothetical interpreter who is appropriately educated, informed, capable, aware of professional standards, and fair-minded.
